

Dear Esteemed Community Members,

I extend my warmest greetings to each one of you as the President of the Markham Elite Lions Club. It is with great excitement and a deep sense of responsibility that I invite you to our upcoming **Fundraising Gala on May 11, 2024**, celebrating Mother's Day. This gala holds special significance as it is dedicated to supporting the indispensable services of Stouffville Hospital, a pillar of healthcare in our community.

Stouffville Hospital provides essential diagnostic and emergency services, along with specialized programs in childbirth, children's health, surgery, acute care medicine, cancer care, and mental health. The impact of these services resonates across our community, touching the lives of individuals and families in times of need.

In addition to our commitment to Stouffville Hospital, the Markham Elite Lions Club is honored to contribute to Lions Club International funds and various small charities. It is important to note that a portion of the funds raised during this gala will also be directed towards supporting food banks and shelter homes in and around the Greater Toronto Area. Your attendance at our Gala and your generous donations will thus play a crucial role not only in healthcare but also in providing essential support to those struggling with food insecurity and homelessness.

This event promises to be an evening of elegance, camaraderie, and philanthropy with a far-reaching impact on our community. Let us join hands and make a meaningful difference together.

I sincerely urge you to save the date, join us at the Gala, and consider making a contribution that will leave a lasting legacy of compassion and support for those in need.

Thank you for your unwavering support, and I eagerly anticipate the pleasure of your company at this significant event.

Sincerely,

Lion Nina Sethi

President, Markham Elite Lions Club
